Lessons identified and learned

- Predeployment training crucial
- Interoperability when it comes to Gender Issues and knowledge, in future multinational operations, should be secured
- Gender Focal Points should be selected after criterias, pre deployment, and attend special training for Gender Focal Points
- If only one Gender Advisor, OHQ.
- Increase human resources i.e. Fulltime Gender Advisor FHQ, "doublehatting" is difficult and give less results.
- Implementation of UNSCR 1325/2000 have to be TOP-DOWN, Gender Advisor in Command Group
- Gender Issues should be represented through the **whole** chain of command; Brussels (**including EUMS**), OHQ and FHQ.
- MOU on Soldiers Card/Code of Conduct
- Integration in a concrete and practical way rather than theoretical
