

CONFERENCE CALL NOTES WITH RAJA ROGERS FRIDAY 10/07/05

- ∞ **Tuesday night @ 8:15 & Friday afternoon @ 3 pm are the new conference call times**
- ∞ **Maharishi** said raising **flags** of the Global Country is a very practical thing, not just something symbolic. RR said there will be an evolutionary effect on the subtle level of creation.
- ∞ Protocol for raising flag: We will continue raising flags if not done on Victory Day; temporary flag raising is ok..long enough at special sattvic site to take a picture.
- ∞ **Suitable Teaching Locations:** We favor teaching TM in an executive, business like or office setting. But we will not turn away TM initiations if we can only teach in a nice home with east or north entrance, as long as the setting is very neat, tidy, Pleasant and presentable. **Large lectures & special events** also are ok in such settings.
 - ∞ Key is teaching in vastu; Maharishi is not wavering on this point.
 - ∞ We always **share our success strategies** with teaching TM or in finding builders, etc , in regard to all our priorities set by Maharishi.
- ∞ **Maharishi's** recent Knowledge points that Raja Rogers shared with us:
- ∞ **Maharishi** spoke recently of the **value of Time**; someone asked Him about the value of time & money & he responded that the value of time was most important. This was in context of building & establishing our vastu centers.
- ∞ **Maharishi** also spoke about how each word of the Veda is deeply embedded in the Transcendental Field—it is transformed in the gap; becomes manifest at that very same level.
- ∞ **Health & Wellness Day presentations** are of interest: John Revolinski @ 641-472-1134. www.johnrev.com/workshop
- ∞ Raja Rogers is reviewing & strengthening presentation for MMY ayurvedic principles, which will help raise interest in attendance at the Raj & Lancaster MSPA's. Leverage up & cross selling both with spas & MAPI products, MVVT
 1. Perhaps Margaret Mullins can tour
 2. Display of MAPI products
 3. No concern about lack of FDA approval for herbs; many pharmaceuticals carry FDA approval & they are recalled due to very adverse health effects

∞ (Note: no mention was made of salary guidelines per request on Tues
Conf call).
